RE: New Program Approval--Indiana University-East

Indiana University-East submitted for approval an advanced level Master of Education program. This program was reviewed and representatives of the institution were interviewed by the Teacher Education Committee. The program was found to meet all of the guidelines for a new advanced level program. The institution will report on program status/improvements annually to the Division of Professional Standards for three years and then the program review will roll over into the institution's next accreditation review.
